

## **Company Information**

We are a company exporting high-quality Polish apples and other vegetables and fruits to foreign markets. Thanks to our suppliers who take care of the quality of their products, we can guarantee our customers the best products that Polish nature has to offer. We offer fresh and frozen products. Our activity consists of finding, negotiating the price, purchasing, and exporting products directly from agricultural and orchard farms. Our suppliers are farmers who are able to guarantee the highest quality of their products. We execute each order very carefully. We value long-term cooperation, so we provide our customers with the possibility to inspect the products before shipment and to establish quality standards. Our company is able to provide the required goods throughout the year by securing a long-term contract.
